ABOUT US

Leading date palm seller in India. In dates there are more than 3,000 varieties all over the world. We have 35 varieties in our farm, and a research station where we select and sell the best date palm variety which is suitable for all types of soil and climatic condition.

Additionally, we import premium dates and date syrup from Middle East countries and produce assortment of dates with nuts and fruits. Our range of retail products is growing and will be readily available across leading stores in Tamil Nadu and online stores.

OUR ROOTS

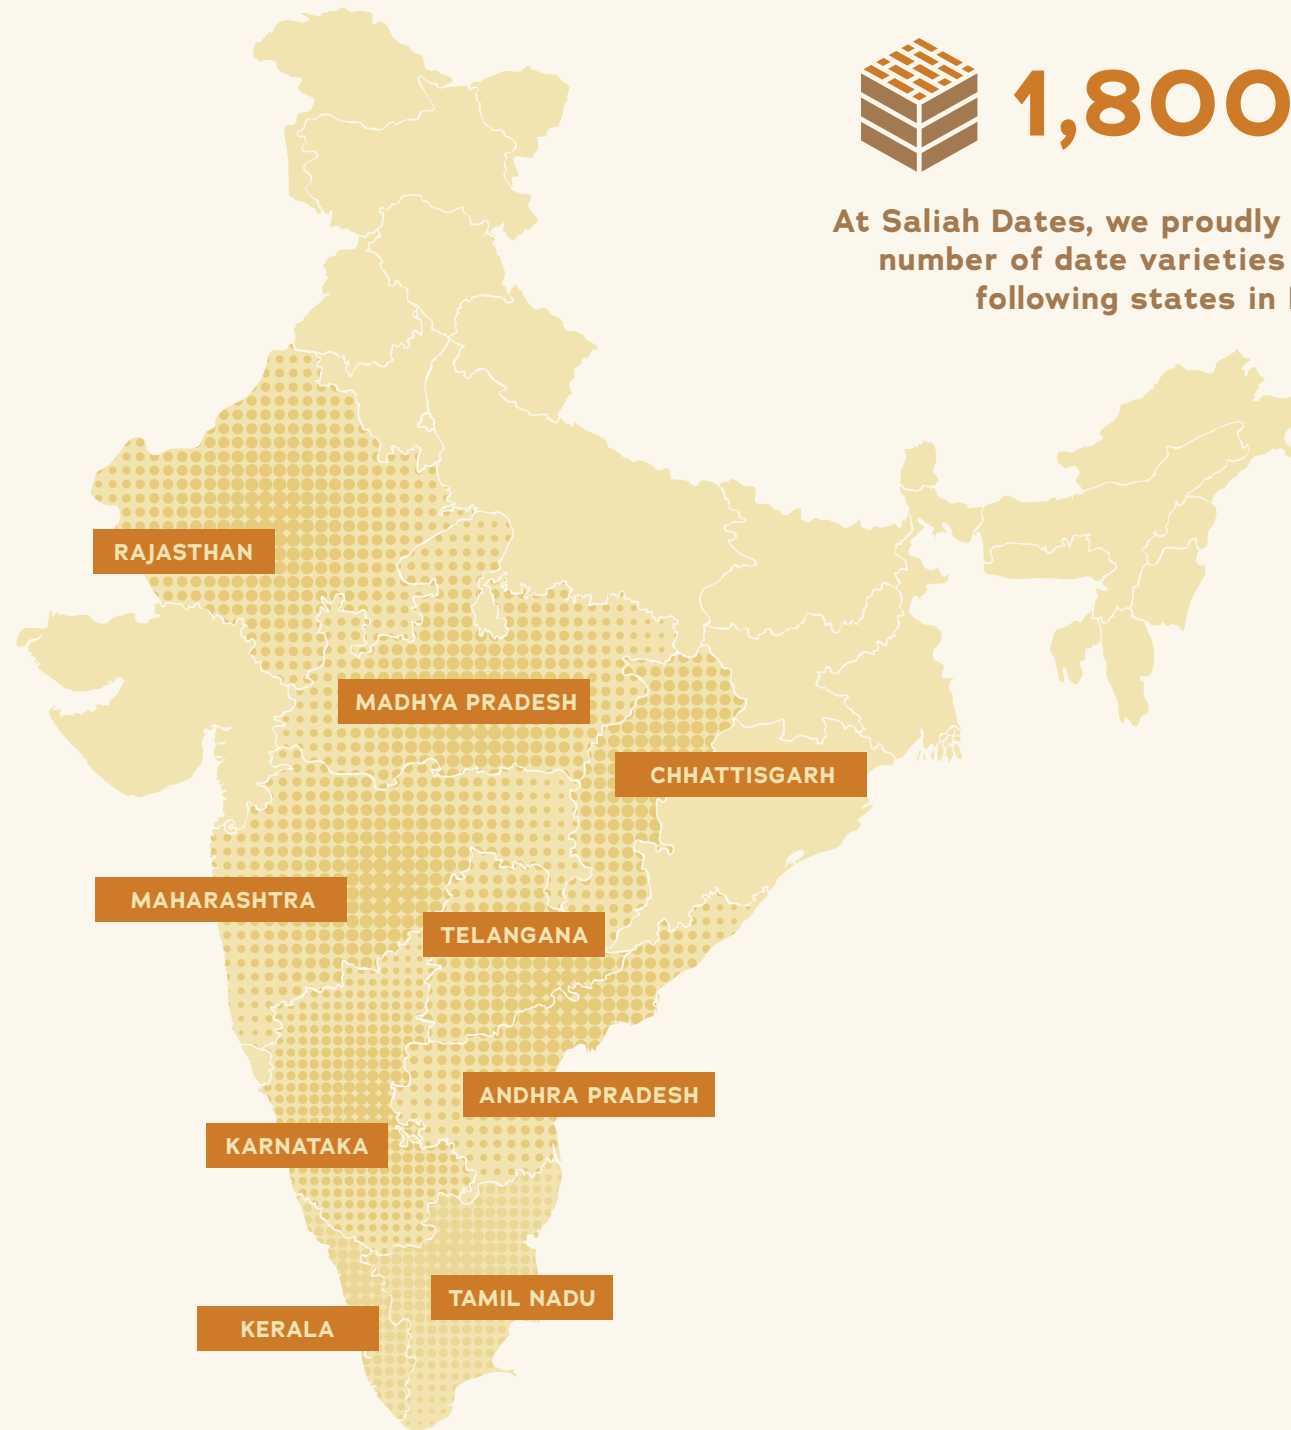

Our founder, S. Nizamuddeen, is well-known in India's date palm farming owing to him being the first date palm cultivator in South India. He previously worked at several date farms across Saudi Arabia before returning to India to grow his own dates.

1,800 acres of
plantation

At Saliah Dates, we proudly sell a growing
number of date varieties across the
following states in India.
